## Exam Questions 700-750

Cisco Small and Medium Business Engineer (SMBE)

#### NEW QUESTION 1

How do Meraki cameras perform in the smart SMB experience?

- A. building a smarter network
- B. building smarter security
- C. building smarter workspaces
- D. protecting the outside of an office space

**Answer: C**

#### Explanation:

Meraki cameras contribute to the smart SMB experience by building smarter workspaces. These intelligent cameras not only enhance security by providing high-quality video surveillance but also incorporate advanced analytics that can help businesses understand space utilization, optimize office layouts, and ensure safety protocols are followed. Features such as motion detection, people counting, and heat maps offer valuable insights into how spaces are used, enabling SMBs to make data-driven decisions to improve efficiency, productivity, and employee well-being. This goes beyond traditional security roles, as Meraki cameras can also support operational improvements and contribute to creating a more connected and intelligent workplace environment.

#### NEW QUESTION 2

Which product helps enable secure authentication in a hybrid workforce?

- A. Webex Control Hub
- B. Cisco Business Dashboard
- C. Duo
- D. Moraki MY

**Answer: C**

#### Explanation:

Duo is the product designed to enable secure authentication in a hybrid workforce. It provides a zero-trust security model that verifies every user and device, ensuring trusted access across all environments. This is particularly important for hybrid work settings where employees are logging in from various locations, and the threat landscape is more diverse. Duo helps create a secure, consistent environment that extends from the office to remote workers by authenticating identities before granting access to corporate networks and apps<sup>12</sup>.

#### NEW QUESTION 3

Which Cisco product enables video conferencing and communication?

- A. Webex
- B. Meraki
- C. Duo
- D. Umbrella

**Answer: A**

#### Explanation:

Cisco Webex is the product that enables video conferencing and communication. It is designed to provide a conferencing experience that rivals in-person collaboration, with features such as real-time translations, meeting recordings, and a secure platform for remote work. Webex offers an all-in-one app to call, meet, message, and get work done, supporting a hybrid work environment with enterprise-grade security.

#### NEW QUESTION 4

Which Cisco product is a solution offered for SMB experiences?

- A. Stealthwatch
- B. DNA Center
- C. Catalyst IR Router
- D. Meraki

**Answer: D**

#### Explanation:

Cisco Meraki is a comprehensive solution designed for SMBs that offers simple, secure, and scalable networking. It is a cloud-managed IT solution that provides wireless, switching, security, and devices that can be centrally managed from the web. This allows SMBs to streamline their operations and manage their network with ease, without needing extensive IT expertise<sup>12</sup>. References :=

#### NEW QUESTION 5

What must a hybrid SMB technology solution have?

- A. zero trust identity-based access
- B. specific desk for each employee when they visit the office
- C. single vendor collaboration infrastructure
- D. separate security policy for wired and wireless users

**Answer: A**

**Explanation:**

A hybrid SMB technology solution must prioritize security, especially in a landscape where remote work is prevalent. Zero trust identity-based access is a security model that requires all users, whether inside or outside the organization's network, to be authenticated, authorized, and continuously validated for security configuration and posture before being granted or keeping access to applications and data. This approach aligns with the modern needs of SMBs to provide secure access to their resources in a hybrid environment, where users are accessing systems both on-premises and remotely. It ensures that only authenticated and authorized users and devices can access applications and data, thereby reducing the attack surface and providing a more secure IT environment.

**NEW QUESTION 6**

Which Cisco product ensures that the right devices are connecting to the right application by the right person?

- A. Duo
- B. Webex
- C. Meraki
- D. Umbrella

**Answer:** A

**Explanation:**

The Cisco product that ensures the right devices are connecting to the right application by the right person is Duo. Duo is a multi-factor authentication (MFA) solution that verifies the identity of users and the health of their devices before they connect to the apps they use. This security measure helps prevent unauthorized access and potential breaches. Duo's MFA requires two or more verification factors, which significantly increases security because even if one factor (like a password) is compromised, unauthorized users would still need the second factor to gain access<sup>1</sup>.

**NEW QUESTION 7**

Which Cisco product is part of the Secure SMB experience for enabling people?

- A. Umbrella
- B. Meraki MX
- C. Stealth watch
- D. Cisco Secure Email

**Answer:** A

**Explanation:**

Explanation

Cisco Umbrella is a crucial component of the Secure SMB experience, particularly in enabling people within an organization to work safely, regardless of their location. Umbrella provides a cloud-delivered security service that protects users from malicious internet destinations whether they are on or off the network. It operates by enforcing security at the DNS layer, which is the first step in internet connectivity. Umbrella's strength lies in its ability to block requests to malicious destinations before a connection is even established, offering proactive security that is both effective and easy to deploy. For SMBs, this means enhanced protection against threats like malware, phishing, and ransomware without the complexity of traditional security solutions. By securing internet access across all devices and locations, Umbrella plays a pivotal role in enabling secure and efficient remote work, making it an essential product for the Secure SMB experience.

**NEW QUESTION 8**

Which strategy allows an organization to experience 53% fewer cyberattacks and breaches?

- A. multi-vendor security strategy
- B. cloud-based security strategy
- C. proactive security strategy
- D. decentralized security strategy

**Answer:** C

**Explanation:**

Explanation

A proactive security strategy is essential for reducing the number of cyberattacks and breaches an organization experiences. This approach involves anticipating potential security threats and implementing measures to prevent them before they occur. According to research conducted by The Economist Intelligence Unit, organizations that adopt a proactive security strategy, supported by a fully engaged C-suite and board of directors, experience 53% fewer cyberattacks and breaches compared to those that do not. This strategy includes active monitoring of external threats and mobilizing the entire workforce to defend against attacks, combining the latest security technology with new business processes.

**NEW QUESTION 9**

Which Cisco product is part of the smart experience for empowering IT?

- A. Meraki Sensors
- B. Meraki Cameras
- C. Meraki Insight
- D. Umbrella

**Answer:** C

**Explanation:**

Explanation

Meraki Insight is part of Cisco's smart experience aimed at empowering IT. It provides end-to-end visibility on the network, which is crucial for IT teams to ensure a high-quality user experience. By leveraging Meraki Insight, IT can proactively monitor and troubleshoot network issues, thus empowering them to manage the network more efficiently and effectively. References := 1, 2

#### NEW QUESTION 10

What is the number one threat vector?

- A. Web Page Spoofing
- B. Email
- C. DOS Attacks
- D. IoT Devices

**Answer: B**

#### Explanation:

Explanation

Email is considered the top threat vector for small and medium businesses. This is because it is the most common method attackers use to deliver malware, phishing attempts, and other malicious activities. Research from HP Wolf Security indicates that email accounts for 79% of threats, making it a significant concern for cybersecurity efforts<sup>1</sup>.

#### NEW QUESTION 10

What is Cisco Networking Cloud?

- A. cloud storage for network configurations
- B. cloud storage for holding authentication keys
- C. integrated platform for on-premises and cloud operating models
- D. web-based platform for network engineers to store, track, and collaborate on network projects

**Answer: C**

#### Explanation:

Explanation

Cisco Networking Cloud is an integrated platform designed to provide connectivity to and between applications and workloads across various environments, including clouds, cloud services, on-premises data centers, and edge networks. It is crucial for the performance, security, and efficient management of hybrid cloud and multicloud environments. This platform facilitates the simplification of lifecycle management, assures user-experience, reduces time to market for service rollout, lowers operational costs, and minimizes risk for applications and data.

#### NEW QUESTION 13

Which Cisco program offers knowledge about security resilience and how the Cisco Secure portfolio can help customers achieve it?

- A. Fire Jumper
- B. MINT
- C. EBC
- D. U-Learn

**Answer: A**

#### NEW QUESTION 16

Which global program scales Cisco's technical resources via third party, services-only partners to provide the channel partners with access to validated expert resources?

- A. Cisco U
- B. MINT
- C. GPSA
- D. Cisco Service

**Answer: C**

#### NEW QUESTION 21

Which Cisco product allows secure internet access?

- A. Duo
- B. Webex
- C. Meraki
- D. Umbrella

**Answer: D**

#### NEW QUESTION 26

Which Meraki product is used on Remote SMB work from anywhere?

- A. Meraki MT
- B. Meraki Systems Manager
- C. Meraki MS
- D. Meraki MR

**Answer:** B

**NEW QUESTION 27**

Which optional Cisco product enhances workspaces within Remote SMB?

- A. XDR
- B. ISR 900
- C. Catalyst Access Point
- D. Meraki Cameras

**Answer:** C

**NEW QUESTION 31**

## Thank You for Trying Our Product

### We offer two products:

1st - We have Practice Tests Software with Actual Exam Questions

2nd - Questions and Answers in PDF Format

### 700-750 Practice Exam Features:

- \* 700-750 Questions and Answers Updated Frequently
- \* 700-750 Practice Questions Verified by Expert Senior Certified Staff
- \* 700-750 Most Realistic Questions that Guarantee you a Pass on Your First Try
- \* 700-750 Practice Test Questions in Multiple Choice Formats and Updates for 1 Year

**100% Actual & Verified — Instant Download, Please Click**  
**[Order The 700-750 Practice Test Here](#)**
