**NEW QUESTION 4**

A client has one legal entity and the following four dimensions configured: Business Unit, Cost Center, Department, and Division.

You need to configure the client's system to run the trial balance inquiry in the General ledger module so that it displays the trial balance two ways:

- Include the main account and all four dimensions.
- Include the main account and only the business unit and cost center dimensions. What should you configure?

- A. two account structures
- B. all financial dimensions by using the group dimension functionality
- C. two financial dimension sets
- D. two derived financial dimension hierarchies

**Answer:** C

**NEW QUESTION 5**

A client has Accounts payable invoices in their legg entity in three different currencies. It is month-end, and the client needs to run the foreign currency revaluation process to correctly understand their currency exposure.

You need to set up Dynamics 365 for Finance and Operations to perform foreign currency revaluation,

In which order should you perform the actions? To answer, move all actions from the list of actions to the answer area and arrange them in the correct order.

NOTE: More than one order of answer choices is correct. You will receive credit for any of the correct orders you select.

**Actions**

On the main account setup form, set foreign currency revaluation to **on** for the Accounts payable account. Then, specify the exchange rate type.

In the General ledger module, select the periodic task foreign currency revaluation. Then, specify the accounts eligible for revaluation, excluding the Accounts payable account, select the currency, and select preview before posting.

In the foreign currency revaluation preview form, ensure that the foreign currency proposal is correct. Then post the revaluation.

In the Accounts payable module, select the periodic task foreign currency revaluation. Then, specify the parameters for revaluation and perform the revaluation.
